

A BIG THANK YOU TRUSTEES OF STAR FISH CHRISTIAN TRUST

Dear Beloved Trustees,

Greetings in Jesus precious name.

We are truly thankful for your hearts for helping the families affected with floods with a big relief aid. They lost everything but we are able to give them groceries and basic aid packages and big bag which would help them in the future floods to at least put some things in that bag and come out which would save something atleast.

We are looking to help for some families with some relief aid for their hut buildings and home buildings and approaching some relief agencies. But we are not successful, but we ask all the trustees to pray for these families and their needs.

All the families and our staff of Hope Ministries and my family send you all our love and greetings.

Your Loving Brother

Joshua
