

Star Fish Or WilberForce Put Your Hearts.....(Urgent)

Dear Beloved Trustees,

Greetings to you all in the precious name of our Lord Jesus Christ.

We are very deepened to write or submit this news to your hearts and ask you for helping a 9 year old girl and her family who are now in a disastrous condition after a 60 Year Old Man Raped this girl offering chocolates and threatening to kill her if she says to anybody.

The child was having affected in her private parts and now being treated in a hospital. This man belongs to a high caste and seeing the horror protests in the State he hanged himself but his son was put in the jail inspite of heavy protests. But now the story begins as the accused already dead was the leader of the ruling party and slowly they will delay the treatment in the Government hospital and will kill the child if we do not shift her to the private hospital for the treatment.

The Governments in India are pagan and now this incidents are more and more in Andhra Pradesh, we do not knew if the child would be alive but we are trying to help her with basic provisions to parents and the parents are daily wage labourers and now they need basic income and until the child is discharged from hospital they do not have income, the other political parties want to use this incidents to protest against the Government failures burning buses and other things but they do not care for the well being and after things of the parents.

We the Hope Ministries as we are rescuing children from slavery and doing our best to the victims we knew, we decided to raise some funds for the family and also now their shelter also has been broken by the opponent friends and threatened the parents not to file case against this 60 year old man. This man was already hanged and this was also done by the police secretly to kill this case.

You can go to this link to see the update on the child and please do whatever you can and we are thinking to give some funds for the child welfare. If the child is safe they want the child to go to our children home. We are willing to do this but

we have to see how the things develop. Now the child's health is critical in the hospital.

Please do help us whatever you can through your two trusts and we would give you regular updates.

Please all of you pray for this children and Bro Stan pass on this to the prayer warriors who can pray for the child this time.

Your Loving Brother

Joshua
