

Dear Trustees,

Greetings to you in the precious name of our Lord Jesus Christ. We are so glad that in this new year we are able to do the rescue of innocent girls from the sex trafficking and giving them a better life. While we are travelling and giving bibles on the platforms and railway stations and bus centers, we are facing much persecution these times due to the Hindutva Government, but we are bold enough to do this sometimes as Jesus commanded us to reach the unreached and preach the gospel, we are struggling much harder than ever before, but our motive is to see that every person hears about Jesus and we obey the command of Jesus, Go And Preach.... Amen. Please do pray for us more as we face these struggles often and sometimes the pastors are made to beat, and spoil their vehicles and some things like that. All your prayers truly help us as God answers our prayers, of course some says the prayer is free, but the prayer is the most important weapon I recognize in my ministry life. Amen.

While doing these evangelization, we found 10 children selling the ink bottle slots and we asked one boy what is that, and we are amazed to hear that it is not an ink bottle, but a type of drug which spoils the lives of thousands, and there is a drug mafia leader and a mob which allows these children to sell them and they make money and these boys are forced to sleep on the platforms in the nights and bus station shelters and the dormitory platforms and public lavatory halls. I am very surprised and we followed up for a couple of days to find out this bloody person, and he is also a drug addict and he has an ugly face, not to mention his name, I asked him how he got these children and he told me that he purchased them for 50,000 rupees each from the parents, this is too much, I do not understand why parents sell these innocent lives for only this much cost and spoil their lives. Once these boys grow big they become thieves, gang leaders, druggists, criminals, dacoits. It is very bad on the parents part to do such type of things. And we told them that is very illegal and he is not at all scared of what we are saying, but we tried to tell him about Jesus, but he heard and it is good that we have given him a bible which we know he might read it or not, but he told us he can free the children if he gets all the money.

We asked him first to release freely as he had enough suffering for them and told him we want to give them a better life. But all our negotiations failed as he is very risky and we have found this man in police station that he has a criminal record of 3 murders, and also facing many other charges, and his mob acts when he often goes to jail and gets the bail. So I asked him in Jesus love and he agreed to release each boy at 35,000 rupees. It is very cheap to give a child a better life. It costs 3,50,000 rupees to free 10 boys. I know we cannot do this at one time so I asked if we can find payments of half of 5 boys at one time and 5 boys at one time, can we come and free them, he did not agree for this and I am praying that Lord will provide this funds for us to take out this children.

I approached the Government Hostel where we have put some of our children as we rescued

them from bonded labour and the Principal says the academic year in India, ends by 24 April 2019, but he told that he can join them if we can bring them by 18 March 2020. Or else we have to bear them in our orphanage for 2 months and then join them in 1 June 2020 if we do not have funds to release them. But I am praying we can get the funds and Lord will move the hearts of the people and it is only 35000 rupees a child, getting a better life. I tried to take the pictures of the boys but the mafia and mob did not allow us to take pictures to show to the trustees.

But once we release them we will put the pictures of these innocent boys and we are asking the trustees to have a generous heart and give them a better life and bright future as we also commit to see that the children are brought up in the love of Jesus, and we save the children to win them for Christ. We send our love and greetings to you all and we thank you for every help and every rescue you are supporting us and without your help we cannot do even one rescue, together we are doing our best.

Your Loving Brother Joshua
